Tray Wrapping Machine

This machine is useful for wrapping transparent cellophane type PVC stretch film on open trays & packets.

- The machine is equipped with a roller to mount the Film Roll
- A Cutter, to cut the film to size as per the tray dimensions &
- A Heater Pad, to seal the film under the tray, once it is stretched & wrapped.

This type of transparent packing, makes the product look attractive as well as increases shelf life.

Applications: Sweets, Vegetables, Foodstuffs, Fruits packing in trays. Also fish, sea-food or any item which needs to be seen through the film wrap to know its freshness.

Machine looks good on Departmental Stores check-out counters, retail shops etc. where on-the-spot food / fruit packing needs to be done.
